Moved to adopt the minutes as written, 2nd Dawn- unanimous

DIRECTOR'S REPORT information Betty Sue asked for more direction from the board on how to move forward. about the Library's need for a backup server vs cloud storage, etc. This is in response to some user error and files not getting auto-backed up as scheduled for some financial records. While information was recovered, the board is looking to ensure this does not happen again. There was discussion about off site storage, using Google's cloud services vs. a physical server. Betty Sue discussed the shared drive via the cloud which is accessed by Betty Sue and the assistant director, Elizabeth Haibach. . Linda suggested checking the amount of space on the server for backups, before deciding how much information is able to be stored and auto-backuped.

Betty Sue also shared that the recommendation was that the Library should expect a three year life-span for computers, with a plan to replace 1/3 of the machines each year.

1st phone conference with Bonadio for the annual audit. Elizabeth, Betty Sue, and Joanna met with them via Zoom and we are in a good position for that.

Betty Sue shared that the changes in staff have led to some great ideas and cleaning out of closets (and the finding on materials and items).

REPORTS and REQUESTS FROM COMMITTEES information

FINANCE COMMITTEE

The committee did not meet in person, but did discuss via email and phone to decide that this is not a good time of year to change the health insurance plan. While there is not a change recommended at this time, the staff has changed significantly and the committee should survey the staff to see what their particular needs, related to health insurance, are or would be. Bonadio group has mentioned that the board does not have a clear investment policy in writing.

Generally agreed, though nothing finalized, that the budget will be roughly the same this coming year as it was for the last year.

Based on a call from Trane, the committee has realized there is some delay in the processing of checks or payment based on Joana's schedule (writing the checks) and getting them signed by a signatory. The finance committee will draft a process for accounts payable

Betty Sue will send the draft policy for accession/deaccession to the attorney, and at the same time check on the status of the policy handbook.

backups - done, reviewed with Director's report

- Betty Sue will reach out JC Marketing for further information to present at the December meeting

Betty Sue sent this out to the Board Members, after the board recommendations and speaking with Elizabeth H. (who have completed most of the social media posts in the past). The revised proposal, with some conversation about starting a group of social media ambassadors Mary did ask, if Elizabeth H. is back, how much of a need is there for this type of service. Betty Sue shared her ideas after multiple conversations about what could happen, and how JC Marketing made suggestions for some ideas she tossed out as possibilities. She is very excited for the way this could drum up interest for the library and its programs. Mary did ask what the Board's process is for paying for a service such as this, and if or how projects are bid. Kevin recounted board policy of projects over \$5,000 usually requiring three bids, **Dawn moved to contract with JC Marketing for a three month trial contract, pursuant to the proposal included in the Board Packet, 2nd by Mary- (Linda Abstain) unanimous**

- Mary will send out an email to board members about the possibility of changing the meeting week from the 2nd Wednesday to the 3rd Wednesday to accommodate a member with other meeting

Dawn asked about the warming center request that was noted on the Director's Report. Betty Sue said yes to this request from social services, though it will not be 'staffed' separately from the library building itself and will not be open at later or different hours for this.

Della shared that she is in contact with Dr. Howard Ward. He is coming to town for a program with the High School's diversity club. After some conversations with superintendent Mickey Edwards, it has been suggested that this could be a community event, and possibly even held at the library.

FINANCE COMMITTEE

Rachel shared that they were unable to have documents to share, but the committee did discuss the fluctuation of finances due to staffing changes.

There was also a discussion of moving the investment account to a location where it will earn more money than it currently does. Betty Sue shared that when the Bonadio Group does their audit each year, the library is dinged for not having an investment policy. She would like to charge the finance committee with that first, and then follow that with the community rich committee. Kevin and Rachel shared how they would like to have a plan in place and ready to move forward by February, keeping in mind that the upcoming holiday season will be busy for many in the community.

FRIENDS OF THE LIBRARY

The Friends would like to purchase a seating area with some pillows for an adult to sit with a child and read together. Betty Sue shared some of the ideas, the bench, and an idea of where it would go. Betty Sue also shared that they are considering purchasing a small book cart to supplement the current

tools. Kevin did share that he spoke with Theresa in the past, that a wagon with larger wheels to better facilitate the outdoor programs for the library.

Linda asked if there was a policy or process in place for memorial donations, to ensure that all gifts are in the spirit and function of the library. Betty Sue said that there is a process, that a group needs to come to her with ideas, which she will present to the board for approval. Mary asked if there are stipulations that come with gifts, in general, or how much freedom Betty Sue has to ensure function of the library itself. Linda shared that the school has a policy for memorials which limits some function to ten years. She suggested reaching out to Mr. Edwards at the school to see if he could share the outline of that policy with the library. Linda shared that having a policy or guidelines in place could save time and/or potentially hurt feelings around the placement and care of any memorial items.

OLD BUSINESS

Kevin will reach out to the Bonadio Group for advice on EFT for bill payments, and board member oversight of payments.

The regular audit will begin in December and be completed in January. Kevin did ask about EFTs specifically and they will make a review at that time and include it in their written report.

Betty Sue will draft a potential letter of job offering to Youth Services New Hire and forward that to the whole board for immediate review.

This was completed, and Elizabeth Tuttle began this past Monday. Betty Sue was impressed at how well her staff immediately took to her, touring the library and sharing their ideas.

Buildings and Grounds to meet.

This committee did not meet this month.

NEW BUSINESS

New Employee - Elizabeth Tuttle, discussed under Old Business

Resignation of Employee - Elizabeth Haibach - Moving on to a new opportunity. She was an incredibly valuable asset to the library, and especially for Betty Sue as a support/interim administrator in the past year.

Kevin asked what the possibilities for another search were, and how to begin the process. Linda asked what the duties of Elizabeth H. were, and how those could be shifted. She suggested that an outside marketing person may be a solution for now.

Mary requested a personnel committee meeting for next week, to discuss this situation. She would also like a write up for the NIOGA List Serve to be ready for review at that meeting.

Linda and Jim discussed using part time help or having the staff work overtime if needed. This has happened in the past and Betty Sue said staff has always figured it out.

Kevin asked if the board should discuss Mike getting a pay bonus if he potentially takes on additional duties if Betty Sue needs to leave town, as happened with Elizabeth H. in the past year. Linda suggested that Betty Sue ask Elizabeth H. to make a list of all the administrative things she did in addition to her job, so it is clear for Mike.

Addition- disc backups and potential for a server on site

Kevin shared that the device for saving backups stopped working, and they lost information. Linda shared some details of how this problem happened and continued. Kevin asked if this is something that could be remedied for the future by purchasing a server for the library. Mary and Linda discussed that

using programs like QuickBooks in the cloud lose some features, but she's not sure if they are features the library needs. After some conversation about monitoring of servers vs. backup drives, Betty Sue will reach out to the Library's computer services company for an evaluation of monitoring, specifically for finance information backups.

Kevin reminded the board that the holidays of Christmas, and so also New Year's, are on Sundays this year. The discussion consented that the library will be closed for December 24th, 25th, and 26th for the holiday.

For the New Year's holiday the library will be closed on December 30th and January 1st, but will reopen on January 2nd.

Betty Sue will discuss with the personnel committee how to ensure that employees are paid for the correct number of holidays, even though they are on days the library is closed on Sundays.

Jim shared that the playhouse he built a few summers ago for the summer reading program. It is no longer in use, so he has verbal confirmation that he can have it back. If he can pick it up, could it come back to the library for use in the garden or future summer reading program. Linda reminded the board that the buildings and grounds committee needs to meet, so they can discuss the playhouse at their meeting.

The Blood drive was a success and another is being planned for December.

Just as an FYI- Betty Sue did call the police on a group of children who were not a direct threat, but the behavior was questionable. The officer came and did speak with the boys, as much to show them that she (Betty Sue) was serious about responding to their behavior.

Betty Sue asked the board to approve the hiring of a new Youth Services Librarian. There was conversation about the responsibilities of this position, and how it fits in with the other staff. The committee is also looking into replacing the folding doors between the conference rooms. They are not in need of immediate replacement, but noted that the committee would like to look at more soundproof alternatives for when they do need to be replaced.

A few things have been referred to Goforth Electric, mostly outlet covers that seem to get broken by vandals. A lawn mower has also hit a cover for the electric and that needs to be replaced.

As a side note the library is currently ahead on the electric, thanks to the solar panels as the really hot days lately have also been very sunny!

Jim reminded the board that there was a request for a maintenance person, this item was discussed, no action taken at this time

Joyce asked about the cleaning contract and Kevin and Linda shared how it has been going. Hamilton Inc, from Hamlin, has been reliable and has an open line of communication with library staff.

DIRECTOR'S REPORT Information Betty Sue highlighted the letter from the attorney regarding building use by BOCES and the VA program.

There was discussion about the lease presented by BOCES and the lawyer's response, pursuant to liability and needed insurance.

. Betty Sue will reach out to the VA contact to let them know that the current contract constraints and size of the 'building' the Library is unable to accommodate their request at this time.

Betty Sue will email drafts of these to the board members for review before she sends them to BOCES and the VA representative.

Betty Sue is asking permission to look into the possibility of the library employees joining the state retirement system, as a Free association library.

Tim Newton- hired for General Maintenance would like a door fob to enter the building on his own time, to do the small jobs needed when employees may not be here. . Betty Sue will reach out to Tim Newton and share the compromise that the board has come up with. Betty Sue asked the board to review what she shared about fines and other libraries that have gone fine-free. Betty Sue asked that DVD fines be lowered at this meeting if the board is in agreement.

Dawn moved to change the DVD fines from \$1 per day down to \$0.10, 2nd Joyce unanimous

Betty Sue would like to acknowledge before the board what an amazing job Elizabeth H has done during her absence

The Veterans Association would like to install a virtual 'pod' for veterans to use and attend tele-health appointments. They did select a location, though it is not in a spot the board and Betty Sue are happy with. Kevin suggested that the contract be sent to the lawyer, just for due-diligence to make sure the library is still in control of anything in this space. During the conversation about this, it was mentioned that the size is 8ft by 8ft, so the booth would take up a lot of space.

Eight new computers will be installed next week

A check in the amount of \$1,923 was received from Assemblyman Stephen Hawley and will be put towards computer upgrades.

The art panels created by Stacy Kirby will be installed in the library beginning April 23rd.

NIOGA has sent the library two Hot Spots, and they are currently being loaned out.

Betty Sue shared that a bookkeeper from Millennium Roads is currently spending 4-6 hours a week, taking care of all the accounting.

This does look to be a permanent solution, as most of the tasks did not need a specific staff member.
